Corrigendum

Corrigendum to “Can children report on their own picky eating? Similarities and differences with parent report”[Appetite 177 (2022) 106155]

Shruthi Venkatesh^{*}, Jasmine M. DeJesus

UNC Greensboro, USA

The authors regret <in the citation of Yu et al. (2020) study, children who did not participate because of parent non-consent had lower group means (instead of higher, as originally mentioned) on a majority of the measurements assessed compared to children who participated with

parent consent. We also update the corresponding author's email address to shruven28@gmail.com.>

The authors would like to apologise for any inconvenience caused.
